

Hughes will bring much to Lansing

Voters in the 91st District have an opportunity in November to choose Holly Hughes to begin representing them in the Michigan Legislature. Based on the community service experiences I have shared with Holly, that would be a very good choice indeed!

Holly and I worked very closely together for about five years during the transitions in the West Shore Symphony Orchestra several seasons ago. Her passionate commitment, personal integrity, inclusiveness and decisiveness together with her usual pleasant disposition and good sense of humor resulted in solid accomplishments — no small achievement in any organization but particularly notable with a nonprofit organization. As I was also observing with her local community commitments, Holly seemed willing to learn, to have outstanding powers of persuasion and, most definitely, to be an effective communicator.

As I consider the vital qualities I want to see expressed by my representative in Lansing — personal integrity, passionate commitment, effective communication skills, and an enthusiastic team player.

I'm just sorry that my residence in Spring Lake Township precludes my voting for Holly Hughes! But Chronicle readers in the 91st District do have that opportunity and I strongly recommend you give her your vote!
